

Creative Writing

Creative writing is a process of writing and re-writing. We believe that learning English is about more than studying words and phrases — we see it as a chance to explore new ideas and cultures and develop communication skills that will take you around the world.

We will introduce students to all phases of the writing process, including generating ideas, writing and revising drafts and editing.

- ⇒ Discover writing through a range of creative projects including short stories.
- ⇒ Learn tools and strategies needed to discover your own voice.
- ⇒ Benefit from regular writing practice and balanced critical evaluation.
